Internship & Experience

Orange Coding Academy, Al-Balqa
Intern, Full Stack Web Developer

May 2024 – Nov 2024

Work Experiences:

- Developed and maintained full-stack web applications using PHP, MySQL, Laravel, and JavaScript, improving both front-end and back-end functionality.
- Collaborated on a team project to build an e-commerce platform, enhancing user experience and backend processes through innovative solutions and efficient coding practices.
- Implemented database-driven features, optimizing queries and ensuring secure data handling across various systems.
- Gained practical experience with version control tools like GitHub.
- Worked with technologies such as AJAX, JSON, and APIs.

Amman Decoration House
Technical Architect

Oct 2023 – May 2024

Work Experiences:

- Managed pricing bids and crafted detailed shop drawings.
- Created comprehensive specifications and quantities tables.
- Utilized Autodesk Revit for drafting and modeling

Academic Projects

1) Portfolio Website

Description: Created a responsive portfolio to showcase my web development skills using HTML, CSS, JavaScript, and PHP, featuring dynamic content updates and an intuitive user interface.

2) Online Quiz Website

Description: Using HTML, CSS, JavaScript and Bootstrap, developed an interactive online quiz website! Users can take their pick from three different quizzes, all accessible from a single platform. After completing a quiz, the website displays their score along with detailed results, highlighting both correct and incorrect answers.

3) Oleg Clothes E-commerce

Description: Developed an e-commerce platform with product browsing, shopping cart, and checkout features. Integrated user authentication and admin tools for managing products and sales using PHP and MySQL.

4) DreamRent Car Rental

Description: Built a car rental website with vehicle browsing, booking, and payment features. Used Laravel for CRUD operations and user/admin management, focusing on scalability and performance.

Education & Credentials

Hashemite university, Jordan

2022

Bachelor's in Architectural engineering

Grade: 2.7 out of 4
